

# ALPHA RACE 12'6

The Alpha 12'6 is designed to get you to the finish line ahead of the rest of the pack. Whether you're into class racing or simply wish to travel distance or downwinders, the 12'6 Alpha is intended to be a speed machine without compromising stability and performance. Sharp edges and 3D Rails for quick water release. Slight in-step deck for more control and lower point of gravity. Great for heavier riders wanting all round fun as well as hi end racers demanding speed and top positions.

## FEATURES

- Double leash plugs
- Carry handle
- V front deck and added gutter in top deck allow for excellent water run off especially in open ocean swells
- Available in Hi Tech Carbon Kevlar & Pure Range Production

12'6 x 29" x 5"  
226.1 Litres

# ALPHA RACE 14

As the name implies, the Alpha race series is designed to take your racing to the top. No matter what level you're at the 14 ft Alpha is designed to give you speed on demand, from long distance racing to down winders. The in-step deck lowers centre of gravity and at the same time allows for more stability and control. A 3D board, sharp tail and edges allow for quick water flow and release. Bottom deck - double concave which allows for early planing and chime edges for hydro-planing once board is up to speed. Surfski type nose which cuts through the water and swells.

## FEATURES

- Double leash plugs
- Carry handle
- V front deck and added gutter in top deck allow for excellent water run off especially in open ocean swells
- Available in Hi Tech Carbon Kevlar & Pure Range Production
